"Transfer" is the term given when an athlete moves their registration from one club to another. It is important to record/track this information to ensure the accuracy of club registrations (as this may have an impact on State Association fee structures). Transferring of athletes is also a way to try to protect clubs when athletes may have outstanding/overdue accounts. Transfers are required for both competitive and non-competitive athletes when moving clubs. All denied transfers between clubs are to be processed via .

**Return to State Association via post or email
