

Club 10 Benefits

What is Club 10?

Club 10 is Gymnastics Australia's quality assurance and risk management system for affiliated gymnastics clubs. Involving a series of checklists and application processes, clubs can move through the 5 levels of accreditation via self assessment, external assessment and endorsement. Club 10 was developed to help people who run gymnastics clubs understand how to establish and maintain management systems that will assure quality and give the necessary information to enable clubs to build such systems.

Club 10 aims to provide resources and services to assist clubs develop and improve over time. The Club 10 Accreditation Categories determine the extent to which clubs receive various levels of benefits.

The Club 10 Benefits should not be seen as an incentive for progressing through to a higher Club 10 Accreditation Category, but instead, should be seen as a reward for the hard work and quality management systems each club has put in place.

Club 10 Benefits

Currently, Gymnastics Australia and the State Associations do not use the Club 10 Accreditation Categories for external promotional purposes. These categories are used instead as a means of establishing services and products that meet the needs and expectations of clubs.

As clubs progress through Club 10 they gain access to more benefits and services. This not only rewards the clubs for their efforts within Club 10, but also recognises their achievements and level of development.
