

FIG Level 2 and 3 Examination Resit Process

This process is for candidates who have attended a FIG Level 2 or 3 Academy and did not attain the required 60% mark in theory or practical exams to gain either the Advanced Silver or High-Performance accreditations.

Gymnastics Australia (GA) highly recommends candidates attend the full Academy again.

Please Note: Examination re-sits are only permitted **once** before attendance at the necessary component of an Academy is required (e.g. if a candidate chooses to resit the theory exam only and is unsuccessful they will be required to attend the full theory component of an Academy to sit the exam).

All candidates that wish to re-sit an exam, must submit an application form (attached at the end of this document) to figacademies@gymnastics.org.au.

Options to re-sit at Australian FIG Academies include:

Theory:

1. One re-sit attempt allowed to be supervised in candidates state by GA approved supervisor - cost - \$100
2. Attendance at the theory lectures of relevant academy course and re-sitting of theory exam. If a candidate elects this option, they must attend ALL theory lectures in order to be eligible to sit the exam. *GA recommended option.*

Practical:

1. One re-sit attempt of practical assessment allowed with a GA appointed assessor – cost \$250.
2. Attendance at the practical lectures of the relevant academy course and re-sitting of practical exam. If a candidate elects this option, they must attend ALL practical lectures in order to be eligible to sit the exam. *GA recommended option.*

Theory & Practical:

1. Re-sitting both the Theory and Practical exam only – cost TBA

FIG Level 3 Caveat

These courses are run directly by the FIG and resit approval is at their sole discretion.

Exceptions to this process can be made at Gymnastics Australia's discretion
